CACPC is committed to offering crime prevention training opportunities that help create a strong network of trained crime prevention professionals in Central Alberta.

CPTED Advanced is a three-day course that explores the CPTED principals of Natural Surveillance, Natural Access Control, Territorial Reinforcement, and Maintenance . The Advanced Course provides an in-depth look at how CPTED principles can be incorporated into communities, neighbourhood design, public spaces, transportation, and schools.

Registrants must have successfully completed a CPTED Basic course.

Who should attend? ***Whether it's your job or you are just interested to learn about this best practice, you are welcome to register!***
